

# SCAM CALL CHECKLIST

If you receive a call from ANY organisation follow these steps before doing anything else:

1. **STOP. THINK.** This could be a scam!
2. What company are you from?
3. What is your name?
4. I will call you on your official number

**NEVER** take ANY contact details from the caller.

If they can't or won't answer these questions. **HANG UP!**
